

The ALFA JUMBO 48

The JUMBO 48 – when massive capacity is required we have the alfa jumbo series. The Jumbo 48 was designed to handle commercial level volumes of refuse in very high traffic areas. Due to the fact that 60% of the container is buried in the ground the Jumbo 48 still looks pleasing compared to the commercial bins traditionally used in these applications. The Jumbo 48 utilizes a re-usable interior bag.

Equal to 50 park baskets

Ideal for: parks/beaches, universities/colleges/schools, playgrounds/recreational areas, trail heads/dog walk parks, golf courses, transit/urban centers, roadside rest areas, camp grounds and residential service to name a few.

Model	Diameter		Total Height		Amount Buried		Holding Capacity	
	inches	millimeters	inches	millimeters	inches	millimeters	cubic yards*	cubic meters*
ALFA JUMBO 48	48	1220	96	2440	60	1525	6 - 8	4.6 - 6

* Refers to crushed holding capacity (the amount can vary depending on types of refuse)
