

The ALFA MAXI

The MAXI - the maxi 30 is the original model to the alfa in-ground waste line up and has been in service for over 15 years. This model continues to be the work horse of our line utilizing an excellent combination of high capacity and being pleasing to the eye.

Equal to 20 park baskets

The MONO - the alfa mono is similar to the Maxi 30 but is only buried one foot into the ground. This option is great for areas where digging could be restricted by in-ground obstructions.

Equal to 5 park baskets

Ideal for: parks/beaches, universities/colleges/schools, playgrounds/recreational areas, trail heads/dog walk parks, golf courses, transit/urban centers, roadside rest areas, camp grounds and residential service to name a few.

Model	Diameter		Total Height		Amount Buried		Holding Capacity	
	inches	millimeters	inches	millimeters	inches	millimeters	cubic yards*	cubic meters*
ALFA MAXI	30	760	96	2440	60	1525	3 - 4	2.3 - 3
	inches	millimeters	inches	millimeters	inches	millimeters	U.S. gallons	liters
ALFA MONO	30	760	48	1220	12	305	148	560

* Refers to crushed holding capacity (the amount can vary depending on types of refuse)
