

# Sierra Stone

**Sierra Stone** – this planter has the realistic look of natural stone but is light weight and durable. With 3 sizes and 4 stone colors to choose from, the Sierra Stone planter will fit into most settings. This planter achieves a natural rustic look in a very low maintenance and cost effective way.

*“Flowers add so much to our community. The new containers helped to keep them thriving all summer.”*

Note: The Sierra Stone planter is available with and without a water reservoir.

Model	Length		Width		Height		Water Storage		Soil Capacity (Potting Soil)
